

Cathedrals

Verse:

God you're always good to me
even when I'm walking alone
Even in the darkest times
you are always guiding me home

You created us from dust
breathing life into every heart
You're the greatest one of all
come show us who you are

Chorus:

You are mighty, you are strong
you are worthy, of every song
You are holy, you are good
so give me grace to praise you as I should

Bridge:

You are higher than cathedrals
higher than all our praise
Make us soar on wings like eagles
to worship you always
